

Cisco Unified Presence Presales & Design 7.0

Duration: 1 Day **Course Code: CUPPD**

Overview:

Cisco Unified Presence Presales and Design (CUPPD) v7.0 is a 1-Day course that prepares you for designing Cisco Unified Presence 7.0. It also includes integration options with other Cisco Unified Communication products as well as third-party presence solutions, including Microsoft Live Communication Server, Microsoft Office Communications Server and IBM Lotus Sametime.

Finally it presents the new plug-in to connect the Microsoft Office Communicator directly with a Cisco Unified Communications solution. This course does not include hands on labs and there is no follow up course related to Cisco Unified Presence technology.

Target Audience:

The course is recommended for Presales Engineers and Network Designers who are responsible for the design of Cisco Unified Communications solutions.

Objectives:

- **After you complete this course, you will be able to:**
- Explain the presence technology and solution
- Describe Cisco Unified Communications Manager Presence
- Design Cisco Unified Presence deployment solutions
- Describe Cisco Unified Presence interoperability and integration options
- Describe the Microsoft Office Communicator integration via Cisco UC Integration for MOC (CUCiMOC)

Prerequisites:

Delegates should meet the following prerequisites:

Understanding of Cisco Unified Communications Manager deployments

Testing and Certification

Recommended preparation for exam(s):

Follow-on-Courses:

The following courses are recommended for further study:

Content:

Presence

- Presence Overview
- Cisco Unified Communications Manager Presence

Design Cisco Unified Presence

- Design Cisco Unified Presence Server
- Cisco Unified Presence Deployment Models
- Design Cisco Unified Presence Security
- Cisco Unified Personal Communicator Options
- Cisco IP Phone Messenger Application

Cisco Unified Presence Integration Design

- Cisco Unified Presence Interoperability
- Cisco Product Integration
- Third-Party Presence Server Integration for example Microsoft Presence
- Cisco UC Integration for Microsoft Office Communicator
- Cisco Unified Presence Maintenance Overview
